INDEX

TO THE

ISSUE OF 1928

OF THE

QUARTERLY JOURNAL.

A.

Acidity, effect of,—on redspider attack 83
Aenakhal 150
Apparatus for estimation of moisture in tea 96
Appin 159
Aritificial manures, the use of— 63

B.

Bagh 'O Bahar 156
Ballacherra 145
Bhuban Valley 152
Bhubandhar 152
Binnakandi 152
Black rot 48
Bikrampore 145
Big leaf, effect of leaving—after tipping 113
Blue velvet blight 220
Boro Jalinga 155
Borokai 153
Bosscha Withering machine 40
Botany of tea 14
Budlicherra 150
Buitenzorg, Tea Experimental Station at— 12
Bundookmara 156
Burnie Braes 156
Burtoll 151

C.

Cachar, soil survey 127
,, map of— 127
,, geography and geology of— 127
,, tea areas of— 130
,, climate of— 131
,, soil type 132, 137
Cachar soils, manurial treatment of— 138
Cattle manure 74
Canker 230
Cephaleuros Mycoidea, Kart 222
,, *parasiticis* 222
Chandighat 148
Chandypore 160
Chemical manures, the use of— 63
Chemical wither, controlling factors of— 92
Chingoor 152
Climate of Java 21
Cold wheather spraying 99
Conical plucking of bushes 118
Corticium spp. 48
Corticium invisum 48
Cossipore 149
Craigpark 144
Cultivation, effect of—on soil wash 167, 170

D.

Dead snags and stem diseases 227
,, ,, ,, treatment of— 229
Derby 153
Dewan 151
Dholai 158
Dhurma Khall 153
Doloo 146
Doloogram 150
Doyapore 149
Drains, capacity of— 163, 164
Durganugger 149
Dutch East Indies 2

E.

Endogram 148
Erosion, soil— 161

E.—(*continued.*)

Estimation of moisture in tea 97
Experiments with different forms of nitrogen at Borbhetta ... 179

F.

Flat bush, maintaining of—in plucking 117
Firing of tea 92-94
Firing machines, lagging of— 42
Firing electrically 41
First firing of tea 93
Fungus diseases, incidence of—and treatment of bush ... 173

G.

"Gaping" of tea 95
Glomerella cingulata Stonem. 226
Goabarrie 147
Grafting of tea 18
Green crops, effect of—on soil wash 147

H.

Hatticherra 146
Horse hair blight 220

I.

Inorganic manures, the use of— 63

J.

Jaffirband 156
"Janam," definition of— 124
Java, Tea in— 1
Java teas 43
Jellalpur 124

K.

Kalacherra 156
Kalline 144
Kallinecherra 143
Kattal 154
Khoreel 146
Koomber 147
Koyah 159
Kukicherra 158
Kumbargram 147
Kunchunpore 160
Kurkoorie 144

L.

Labac 151
Lallacherra 157
Lallamukh 157
Larsingah 149
Lime-sulphur solution 99

M.

Majagram 149
Manipur 158
Manufacture, tea—in Java 38
Manuring and cultivation in Java 33
Manurial treatment of Cachar soils 138
Meteorological observations in Assam, 1927 58
Marasmius sarmentosus 220
Monacherra 159
Monierkhal 154
Moisture changes during manufacture of Black Tea 90
Moisture in fresh leaf, monthly average of— 91
Moisture in tea, estimation of— 96, 97
Moisture in tea, estimation of—in Java 42
Manuring, profit from nitrogenous— 201, 204, 205

N.

Nagadoom 148
Narainpore 150
New wood, effect of different lengths of—before plucking ... 111
Nitrogenous manuring at Borbhetta 179
,, ,, ,, results of—up to 1923 ... 179, 191
,, ,, ,, ,, ,, 1927 ... 191, 200
,, ,, ,, conclusions 199
,, ,, ,, profit from— 201
North Bank 152
Nectria cinnabarina 54
,, ,, ,, treatment of— 57
Noabund 155

O.

Oilcake 77

P.

Pathemara 147
Pests and blights in Java 30
Pests, incidence of—and treatment of bush 173
Planting, pruning and plucking in Java 95
Plucking experiments at Borbhetta 107
Plucking, summary of—results 125
Plateau, typical Cachar—soils 135
Pollarband 150
Poloi 153
Profit from nitrogenous manuring 201, 205
"*Pucca bhatti*-ing" of tea 95

Q.

Quality of tea and manuring 78

R.

Rainfall at Tocklai 59
Rampore 146
Ranipore 146
Red Spider 206
,, ,, in relation to growth of young tea 80
,, ,, treatment of— 173
,, ,, description of— 207
,, ,, development of— 208
,, ,, effect of pruning on— 173
Red rust 222
Rosekandi 155
Roopacherra 157
Rothamstead field results 64
Ruttonpore 157

S.

Scions, tea— 21
Scottpore 150
Selection of Tea 13
Serispore 160
Septobasidium sp. 220
Shade, effect of—on soil erosion 172
Silcoorie 153
Singalla 159
Soil, effect of—on Red spider attack 82

S.—(*continued.*)

Soils, tea—of Java 24
Soil wash 161
,, ,, , factors influencing— 161
Soil moisture at Tocklai 62
Sorting, moisture changes during— 94
Sorting room, humidity of— 95
Spraying, cold weather— 99
Stem blights 45
Sterile mycelium 45
Sultanicherra 158
Sunshine 59

T.

Tea in Java 1
,, ,, , history of— 6
Tea selection 13
Temperatures, firing—of tea 93
Thread blight 45
,, ,, , treatment of— 48
Teela, typical Cachar— 133
Thaligram 148
Tilkah 152
Tipping, different heights of— 115

U.

Urrunaband 149

V.

Varieties, tea— 16
Vegetable Parasites of the Tea Plant 45
Velvet blight 220, 221
Vitality of seed and plant and relation to Red Spider attack ... 84

W.

Weather chart for 1927 62
Wither, control of— 92
Withering in Java 39
Withering, moisture changes during— 90
Wither blight 45

Y.

Young tea, red spider and growth— 80
